

**TO WHOMSOEVER IT MAY CONCERN**

M/s CA Engineers Pvt Ltd have recently (09.07.2014) completed the supply, installation testing and commissioning of VRV units for Alpha 1 Building, ATS Complex, Bangalore International Airport, Devana halli, Bangalore. The admin area at the KIAL admin block. Comprising of 13 no's of indoor units and 3 no's of outdoor units totaling to 54 HP and valued at 25 lakhs.

They completed the project satisfactorily and the work was carried out in a responsible and professional manner. we are very pleased with the end result and the commitment shown by the staff during the completion of the project. The project was completed on time and put to successful operation without any delay. We would strongly recommend M/s CA Engineers for our future projects.
